By GEORGE SOKOLSKY THE LABOR BARONS

The labor bill that Congress is bound to pass, however weak, will be annoying to the labor barons who have made a business of the control of the work of men. Some labor leaders would prefer that labor be permitted to clean its own house, without the intervention of Congress, the courts or the Administration. Thus far, they have not succeeded in doing much in this direction because the labor union leadership has, in many industries, attracted men to whom this work is not professionalized public service but a private

Take, for instance, the case of Raymond Cohen, boss of the Teamsters Local 107 in Philadelphia, who appeared before the McClellan Committee to testify concerning a "favorable" agreement with the Food Fair Stores chain. Involved the statement that the union permits the Food Fair Stores chain as many as 287 "free drops" of laden trailers a day, while the A & P Stores are limited to not more than 50 "free drops" a day.

A "free drop" is when the driver detaches his tractor from the trailer while it is being unloaded. In all stops in excess of the "free drops," the pay for the three to four hours required in unload ing. This is enormously expensive feather-bedding. During this period, the driver does nothing but draw pay. He could be using his tractor to haul another load.

Anybody who knows simple arithmetic can figure that the Food Fair Stores chain, under such an agreement with the union, effected an enormous savings in costs not available to its competitors, which is good business and no reflection

Humane slaughter has been compulsory for years, in England, Ireland, Scotland, Switzerland, The Netherlands, Norway, Sweden, Denmark, Finland, New Zealand and in parts of France, Germany, Australia and the Fiji Islands. These countries have proved humane slaughter methods to be economically advantageous to the industry.

No normal person can be in favor of continued, unnecessary mass cruelty, but Silence gives Consent. So let us all express our protests to the members of the committee, urging that on May 9th, bills S1497 and HR8308 be passed on to the full Senate body for their action. It is intolerable that our nation should carry any longer the stigma of such wholesale barbaric cruelty.

Deportation Case Put Off 25 Days

SAN FRANCISCO (P-The William Heikkila deportation case has at least 25 more days to simmer in Federal District Court.

After hearing verbal arguments Friday on the way the Finnishborn draftsman was seized on the streets and rushed incognito out of the country last April 18, Federal Judge Edward P. Murphy:

1. Gave Lloyd McMurray, attorney for the 52-year-old admitted former Communist, 10 days in which to file briefs on his argument that Immigration Service officials were in contempt of court for spiriting Heikkila out of the country when court action in his

case was pending.
2. Gave District Immigration
Director Bruce Barber 10 days in which to file answering briefs, and McMurray another five days to

submit closing arguments.
3. Took under submission Mc-Murray's motion to cancel Heikkila's deportation order on grounds of a U.S. Supreme Court decision which holds, in effect, that a former Communist is not deportable unless he openly has advocated overthrow of the government by violence and force.

4. Refused to grant another motion by McMurray which called in effect for a permanent injunction against Heikkila's deportation un-

Graham Crusade In Frisco Tops Garden Response

SAN FRANCISCO (A) - Billy Graham's San Francisco crusade - to be telecast for the first time tonight - has brought a response far ahead of that in New York's Madison Square Garden a year ago, the evangelist says.

Tonight's meeting at San Francisco's huge Cow Palace will be televised by 140 stations through-

out the nation. The hour-long telecast will begin at 7 p.m. for eastern and midwestern stations and will be rebroadcast on the West Coast at 10 p.m. It will be carried by stations of the American Broadcast-

ing Co., and others. More than 95,000 have attended Graham's first six meetings, including an overflow audience of 17,500 Friday night. Of those, 3, 018 have answered his appeal to make "decisions for Christ." There were 599 decisions Friday

night

He said heart disease not only is the No. 1 killer but that the heart "has come to stand for the center of the moral, intellectual and spiritual life of man."

"If you can find the solutions to this problem of the heart, you will solve the world's problems." he added.

HIS MOTHER'S INVITATION Dear Mrs. Post: My father insists that a boy friend's mother is not a suitable chaperon when she happens to be a stranger to us. I thought any mother-either the boy's or the girl's-could be supposed to be a proper chaperon. The boy has invited me to a dance in his town, which is about 30 miles from home, and his mother has written a very sweet and friendly letter inviting me to come in the afternoon and stay at their house for the night. What's wrong with that?

Answer: From your description, nothing is wrong. In fact, a welcoming letter from the boy's mother is the most proper invitation possible, and his mother the perfect chaperon.

got invented first-the door, the door hinge or the door lock but in any event they pretty much go together and have come a long way in the past few hundred thousand years. We got to talking with some lock people the other day and have a few choice items to pass on to all those who have door kinges and now need locks.

locks-one is used to insure privacy and the other to give you lock is the one you'd use on a closet door. This sort of lock is not as rugged as one intended to provide security. Many people, especially those with small chil-dren, often dispense with locks on bedroom and bathroom doors forget how to get things unlocked. This situation usually ended with a call to the fire department. Today you can get lock-ing devices intended for interior doors which can be opened in case of emergency from the outside with a hairpin, a wire coat hanger, match or even a toothkind of lock is that the locking device is built right into the door handle so there is no need for a key.

For outside doors you want something that will keep bad people out and a lock with just a latch isn't enough because a latch can be worked open from the outside. What you need here is a locking device with a "dead bolt" which can't be device built into the latch. In other types it's independent. Outdoor Water Pipes

Every outdoor outlet should have a valve inside the house that needs to be shut off. Open the spigot to drain out whatever water is in it and keep it open throughout the winter. This is important in case a defective washer on the inside valve causes water to seep into the spigot. If its escape is barred, it will freeze. The pressure of freezing water is tremendous, and with no room for expansion even a heavy spigot easily is cracked. Outdoor pipes need to be drained and

Gene Bilbao's home run in the first frame and Henry Hecht's first frame and Henry Hecht's fine pitching gave Wallkill a 2-0 Cricket Shop victory over Marlboro and Dom DiCapua yesterday at Wallkill.

It was the first UCAL loss for Jack Kroh's charges and Di-Classic Crown Capua who allowed only that blow to Bilbao in a masterful performance which was slightly shaded by the clutch hurling of

A throwing error by the Marlboro catcher permitted Wright to score after he worked Di-Capua for one of the three walks he allowed. Hecht was touched for six

singles, but he fanned 13 and only two walks. DiCapua set 8

Saugerties Nine Cops 5th Straight Barry Wolven **Edges Arlington** In Relief, 6-3

A good hurling stint by Barry Wolven and a four-run fifth inning turned defeat into victory yesterday as Saugerties High made Arlington its fifth victims of the campaign on the Sawyers field. The score was 6-3.

Up until Wolven took over, Coach Fritz Jordan's boys were riding the crest of a 3-1 lead. Elliott's wildness set up the Indians two runs in the opening frame with Horan's triple the

George Thorne had checked the Sawyers pretty well until the fifth when Ed Riozzi opened the frame with a pass. Straight singles by George Neher and Don Mormile sent Riozzi home. A sacrifice and two free passes forced another run and Naccarato's single drove in a couple of more.

Thorne was relieved by Savino who gave up a tally in the sixth. The Sawyers will be at Roosevelt Tuesday and home Friday against Highland in a non-league

U.S. Plans Tests Of Short Range **Defense Missiles** with nuclear warheads.

WASHINGTON (A) - The United States is planning tests soon of range defensive missiles

The Defense Department an nounced Friday the missiles will be launched from remote Johnston Island in the Pacific. This island is roughly 1,500-1,700 miles northeast of the Eniwetok Atoll proving grounds where the latest round of nuclear tests is about to

Just what missile or missiles are to be tested, the Pentagon declined to say. But their description as defensive could fit the Navy's Talos, the Army's Nike Hercules or a test vehicle leading to the Nike Zeus, designated as the first U.S. antimissile missile. Johnston Island was selected because it is 540 miles southwest of the nearest inhabited island of the Hawaiian chain and about 900 miles from the nearest other

populated island, the Defense Department said. A spokesman said the missiles to be tested will travel less than 200 miles and that a temporary danger area will be established beforehand.
